Dear sir,

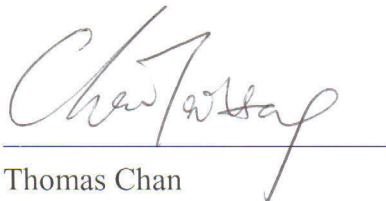

Letter of Appreciation

We are grateful for your Senior Consultant, Mr. Joseph Har, conducting a seminar on Web Office in our campus on 23 April, 2007. The seminar gave our colleagues and students an insight of Internet applications in various business areas.

We also appreciate very much your company providing our students a period of 30 days using the Web Office software for evaluation purpose.

We hope we shall have further collaboration in the near future.

Yours truly,

Thomas Chan
